

# 1.3 PURPOSE OF THE MANUAL

Omar Group Ltd has prepared this Manual to assist potential developers in the redevelopment, expansion and establishment of lodge parks in the UK. It includes details as to why you should consider developing land into a lodge park, as well as guidelines for the actual development, management and the range of possible costs. You may find particular sections of this manual irrelevant to your requirements (please see flow diagram below).

This Site Development Manual will be updated over time. Additions or amendments will reflect any changes in the policy or procedures which form part of the continuous development of our operations. It is our intention that you will be notified as soon as possible of any changes made to this Manual and you will be sent a copy of the relevant pages, including a revised update log. The update log is maintained on pages 7-10 of this Chapter.

It is strongly recommended you incorporate new pages into this Manual as soon as they arrive and that you retain and archive any obsolete sheets, as it is your responsibility to be aware of any changes that have been made.

Written in an easy-to-read format, this Manual will act as an ongoing reference for developing your land to accommodate lodges. If at any time you are in doubt or have any questions regarding the Manual or its use, please contact the Special Projects Director. We strongly encourage and appreciate feedback and, therefore, we will always be grateful for your suggestions on how the Manual can be improved. Please email any feedback to [info@omar.co.uk](mailto:info@omar.co.uk).
